# About Us

Out in Science, Technology, Engineering, and Mathematics (oSTEM), Inc. is a 501(c)(3) non-profit professional society focused on LGBTQ+ people in the STEM community. We have more than 110 student chapters at colleges/universities and professional chapters starting in cities across the United States and abroad.

## Vision

A world where LGBTQ+ people in the STEM community are empowered to achieve success in a safe and supportive environment that celebrates their diversity and unique contributions.

## Mission

Empowering LGBTQ+ people in STEM to succeed personally, academically, and professionally by cultivating environments and communities that nurture innovation, leadership, and advocacy.

## Values

Integrity, Respect, Intentionality, Passion, Grit.

# Annual Conference

Since 2011, oSTEM has brought together diverse students and professionals from the STEM community in the interest of professional development and the creation of safe and inviting places to study and work.

“oSTEM was the embodiment of bringing my engineering life and my queer life together”

For more information on the conference experience, check out our [Annual Conference video](#).

# oSTEM Chapter Network

oSTEM's student chapter network encompasses both undergraduate and graduate chapters at colleges/universities in the United States and abroad. We launched professional chapters in cities across the world in 2018 and we continue to expand our student and professional chapter network. All students and professionals who are not part of our chapters can become an oSTEM Global Member to get connected. For a current list of chapters, visit [our website](#).

# Organizational Advisory Council

The Organizational Advisory Council (OAC) is comprised of companies, government agencies, educational institutions and non-profits committed to LGBTQ+ inclusion. OAC members align with the oSTEM mission by supporting year-round programs, sharing their perspectives, and providing resources and development tools. Collaboration with the OAC greatly influences oSTEM's program design and execution to better prepare members for careers in your organization.

Join the oSTEM OAC today and show your year-round support for the LGBTQ+ STEM community!

Please note that this is different from the Annual Conference Sponsorship. The term of OAC memberships will be from July 1 to June 30 and will be pro-rated based on the number of OAC meetings that have occurred.

## Branding Benefits

- Organization logo with hyperlink on the oSTEM website
- Organization logo in monthly all-member newsletter
- Full page ad upgrade in annual conference program book
- Advertisements on oSTEM websites

## Connection Benefits

- Peer connection with OAC representatives at the Executive, Talent Acquisition, and Employee levels
- Year-round access to oSTEM Career and Membership Centers
- Facilitated year-round access to student chapters
